

# Heart Locket Template

Jana Holstein, of Mission Viejo, California, created this beautiful heart locket template at a valentine-themed stamping party — and from the results shown on these pages, others felt the love-vibrations from the sample, too. While red and pink were still popular colors, a rainbow of colors was utilized and many creative lockets were created as a result. Unlock some of our favorites on the following pages!

**The Journey • 7¼" x 6¼"**

**Lynne Wiekert • Brandon, FL**

Apply ink to edges of card. Cut out panel from cardstock and adhere to card. Stamp postage marks and Eiffel Tower onto cardstock, cut out, and adhere to card.
