

tempting template

Roberta Adams of Drouin, Victoria, Australia came up with this cute template as a surprise for her granddaughter's birthday. She devised a pop-up box that could hold a necklace and attached it to a card. A gift within a gift!

As always, we encourage you to alter the dimensions, change the width, add handles, and play around. This template can be used as a bag or a box. Feel free to attach it to a card or other project. Send in your ideas to be published in the June/July 2007 issue.
