## 2 About the Publisher

When it comes to the art of crafting, no one does it better than Stampington & Company.

— Mr. Magazine™ Samir Husni

Since 1994, Stampington & Company has been a Leading Source of Information and Inspiration for Artists and Crafts Lovers, Storytellers, and Photographers Around the World

Known for its stunning full-color photography and step-by-step instructions, the company's magazines provide a forum for both professional artists and hobbyists looking to share their beautiful handmade creations, tips, and techniques with one another.

Our community loves to immerse themselves in our magazines. These magazines are meant to be curled up with, kept in libraries as a resource to reference, and to share years later with friends and family.

The enthusiasm of our readers doesn't end here. Our community loves to blog and post pictures across social media from a wide range of channels, showing off our exclusive stories and soul-stirring photography.

“What a great article on Gelli Prints! Samie Harding explained everything so perfectly that I rushed out to purchase my own plate and supplies.”

— Kelly Rae Roberts

“Truth be told, I reserve my most special feelings for the Stampington magazines. It’s a combination of things that make them a superior reading experience. I love the simple, elegant design of each page, the outstanding photos of the artwork that reveal the layers and textures of each piece, the thickness and substance of the stock, and yes, even the smell of the paper that is different from any other magazine I’ve ever read. I just love reading each issue from cover to cover, and while other magazines I’ve purchased over the years usually end up in the trash after the last page is turned, I always keep my Stampington magazines in a special place in my studio.”

## Our Readers Love Print

“I love the immersive quality of print magazines. I anticipate cozying up with a good magazine and absorbing it all in one sitting, reading every article, gazing at every picture, and dogearing my favorites to go back and cut out..... Ya just can't do that with a digital copy on a device.”

— Ashley Aynes Quam

“Just say NO to digital media! I really hope that you guys aren't considering going that direction... I still just love to pour over pages in my hand. Especially when you work on a computer all day long, the last thing you want to do is read an online magazine or book.”

— AJ Otto

# 17 Ad Submission Guidelines

## Preferred Ad Format

All PC files should be converted to Macintosh readable files before being submitted for publication.

Acceptable software programs:

- InDesign CS
- Photoshop CS
- Illustrator CS.

All files must be composite page layouts ready for output. Be sure to include all fonts and links. You may save your file in PDF format.

Artwork: Minimum resolution requirements: 300 dpi photo scans at final size; 1200 dpi line art.

\* Please add 1/8" on all 4 sides of trim for bleed.

## Acceptable File Types

FILE TYPES	MEDIA	FILE SIZE
TIFF	CD, DVD	300 dpi at full size
PDF (high quality)	FTP Email (under 3mb)	CMYK

## Ad Submission

Ads may be submitted on disk, via email or via our FTP site. Ads that are emailed must be under 3 megabytes. Files larger must be sent on disk or via FTP. Please contact your advertising representative to set up an FTP account. All files sent through the internet must be accompanied by a faxed print for proofing accuracy. Stampington & Company is not responsible for files that are corrupt or become unreadable via Internet transfer.

## Additional Fees

Should your submitted file require modification to meet ad specifications, it may be subject to production charges. Any additional production time (ad not sized to specifications, improperly formatted or corrupt files) will be billed at \$60.00 per hour in 15 minute increments. You will be contacted before any additional charges are incurred. Preflight production (checking files, ad placement) is included in the cost of your ad.

Should you require help creating your ad, our graphic designers can design one for you at the rate of \$60.00 per hour.

## File Requirements At-a-Glance

Make sure your ad files include the following:

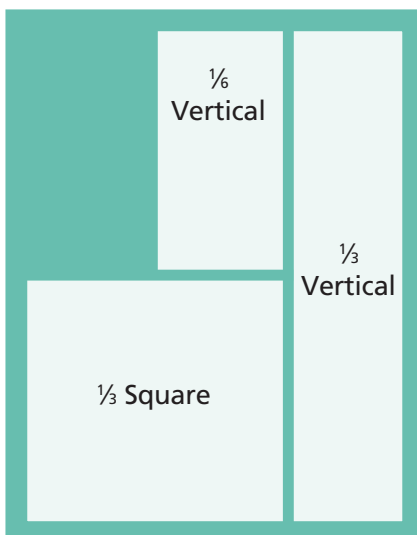

- A list of contacts for the ad. Include the advertiser, advertising agency or ad designer and phone number for each.
- All files must be submitted by email, FTP or CD/DVD.
- A color hardcopy printout of ad required for proofing purposes.
- Conversion to CMYK or grayscale. No RGB or Pantone (Spot color); CMYK only.
- All files are converted to TIFF or high resolution PDF.
- PDF files: Embed all fonts, do not subset fonts. Be sure RGB graphics are converted to correct color mode and 300 or higher resolution.
- **Copy for full page ads must fall within 1/4" margin from trim to avoid cropping during trim stage.**
- Full page ads — Add 1/8" bleed all the way around so image will extend past page size. Please do not include crop marks, registration, or color bars.
- Stampington & Company does not accept ads created in Microsoft Word, Microsoft Publisher or Corel.
